

Science Fair Volunteers Needed!

Volunteers are needed to conference with students in school and assist them with their science fair projects for the annual Mount Prospect School Science Fair. Training will be provided on February 9, 2012 at 9:15 a.m. Your child does not have to participate in the science fair for you to be a volunteer. Please RSVP to Mrs. Slutzky at jslutzky@bernardsboe.com or Ms. Guggenheim at mguggenheim@bernardsboe.com.

Volunteers are also needed to set up a display, demonstration or experiment and share their scientific expertise with our students at the fair on Friday, April 20, 2012. If you are a scientist or work in any scientific field please think about offering your time and sharing your knowledge with our students. Interested volunteers may contact Mrs. Slutzky at jslutzky@bernardsboe.com or Ms. Guggenheim at mguggenheim@bernardsboe.com.
