The Intramurals program is for boys and girls in grades 2-8. This unique program is about having fun and developing soccer skills in a less competitive environment. There are no tryouts, everyone plays at least half of each game, and no league standings are kept.

Team practices are held once a week and are run by professional trainers from the United Soccer Academy, using a curriculum designed to optimize the players' soccer development. Practice sessions will be held on the days listed below beginning the week of April 16.

(no games Memorial Day weekend)**

Parent managers will contact players in early April with details of team assignment, practices and games. All players will receive team jerseys but only players who did not play during fall 2011 will receive shorts and socks. Players must provide their own shinguards and cleats.

IMPORTANT

The location of practices and games for grades 2-5 will be the Veterans Association (VA) hospital. Please note that due to construction at the VA, field location will be different from in the past and a new field map will be provided before the season begins. The location of practices and games for grades 6-8 is still undetermined. There is a slight chance that field location may affect practice dates and times.

** Payment can be made by credit card or check but players will not be assigned to a team until payment is received. Financial assistance is available to qualified participants.
