Math Magic

Friday, January 27, 2012

Performance begins at 7:00 pm

5th Grade Bake Sale available beginning at 6:30 outside the LCS gymnasium

Las Vegas magician Christian Augustine presents Math Magic, a show that presents to kids and adults that there is much more to math than you originally thought. In his show all the magic you will see pertains to math. Christian will even give you some clues as to how the math makes some of the tricks work.

Magic Tricks will include: Human Calculator, Invisible Deck, There's Always 10, Floating Table, The Power of 9, and many more

The event is free, but space is limited, so please return this completed flier in an envelope labeled "Math Magic" to Bridget Jaeger (bridgetj@jaegerlumber.com). Participation will be based on a first come first served basis as capacity dictates in the LCS gymnasium.
