

Join The LCS PTO for a fun evening featuring

BubbleMania: Science, Art & Comedy!

Tuesday December 6, 2011 7 pm
LCS Gymnasium
For children and adults (siblings welcome)

Bubblemania combines polished entertainment with high quality visual art and practical, age appropriate science. All ages learn how bubbles form, why they're spherical, how to make a cube bubble and the science of bubble bursting - each topic related to the physical laws of the natural world. In addition to the science aspects the program is full of comedy, quick wit, swing music, and amazing soap bubble manipulations - intricate and detailed Bubble Art such as bubble chains, spaceships, fog filled bubbles, crystal balls and square bubbles!

The event is free to all, but please return the form below to the office in an envelope labeled 'Bubble Show' by 12/2 to ensure we have enough space for everyone. Entry on a first come, first serve basis. Please contact larissa_milligan@hotmail.com with any questions.
