September 8, 2011

Dear LCS Parents,

This September, **all** students at LCS will be asked to provide a **journal or notepad for music** class that students will leave in the music classroom and use throughout their entire time at LCS. Notepads can be either lined, blank, or have the music staff on them. Please have students bring their notepads in on the first day of music class.

Using notepads is something new in the music classroom. Not only will it save money on supplies but it will also allow students to keep track of all that is learned in class. Students will be able to write down concepts, draw to the music, compose music, and much more.

Thank you for making this small purchase. It is sure to make a big difference in their music education.

Sincerely,

Carol Dory Beadle  
(General Music Teacher & Chorus Director)
