VI. Statement of Public Notice

This is a regular Meeting of the Board of Education of Bernards Township. Notice of the time and place of this meeting was provided and copies of that resolution were forwarded to the official newspapers as designated by the Board of Education and to the Township Clerk and a copy of the notice was posted on the bulletin board of the Board of Education Offices in accordance with P.L. 1975 Chapter 231A.

We very much welcome input from the public. There are two times during regular meetings that the public is invited to speak. One time is early in the meeting before the Board votes, and you may speak about any item that is listed on tonight's agenda. Towards the end of the meeting, there is another public forum to address any topic whatsoever.

When you approach the microphone, please state your name and address. In order to run efficient meetings and to allow maximum opportunity for members of the public to speak, the Board reserves the right to set a time limit for individual comments and/or public comment portions of the agenda. Please understand that public comment portions of our agendas are not structured as question and answer sessions, but rather they are offered as opportunities to share your thoughts with the Board. Any Board responses to public comment will be addressed during Board Forum, or during committee reports.

There are times when a member of the public makes a comment or asks a question about an employee. New Jersey statute does not permit us to discuss personnel issues in public. Also as a matter of law, a Board of Education may only vote for or against the hiring of an employee upon the recommendation of the superintendent. If the superintendent does not recommend a person, that person's name is not listed on the agenda and there is no vote on that action.

If it is necessary for the Board to go into executive session at the end of the meeting, we will provide an estimated length of time for the session and whether any action is anticipated to be taken upon returning to public session.

Suzanne Ward, an Honors US History of Government and Economics teacher at Ridge High School, discussed Project Citizen and described it as a year-long curricular program sponsored by the Center for Civic Education that is designed to promote competent and responsible participation with government at all levels. The program helps participants learn how to monitor and influence public policy while developing support for democratic values and principles, tolerance, and feelings of political efficacy.

As a result of Project Citizen, Honors Government & Economics students have had the opportunity to investigate a problem that impacts their daily lives. Through their research and collaboration with the various stakeholders involved, the students analyzed how the problem could best be addressed and developed an action plan to make their policy ideas a reality. Project Citizen prepares students to be active citizens outside of the classroom by fueling their commitment to be involved and by providing the skills that they will need to do so.

Five students, Alicia DeMarchi, Ally Lindsey, Sydnee Schapiro, Mary Shea, Cassidy Staples, and Bella Trucco, created a presentation that focused on Student Mental Health and Stress. The students took turns providing detailed information regarding the process, problem, potential solutions to the problem and the final solution they agreed would create the impact desired.
