All-Star Aviators Afternoon Workshop

Boys and Girls entering grades K-8th (2017-2018 School Year) are welcome to sign up for All-Star Aviators! In this exciting summer camp you'll learn to build your own aircrafts and delight as they soar overhead. You'll have the perfect experience for the sunny summer days! Our campers build high-flying balsa wood motorized airplanes that can climb to altitudes as far up as four stories. Just make sure to watch out for birds! Sleek, fast, and efficient, these crafts shoot toward the sun in rocket-like ascent. Next you’ll discover our Long Distance Fliers that are made for wind endurance, traveling lengths as great as a football field and maintaining flight durations of up to three minutes. You can't miss out on that incredible fun! And of course no vacation adventure would be complete without learning a few new tricks - and that's just what our Stunt Machines are made for. Whether handling sharp maneuvers or sweeping through loops and curves, these models are sure to amaze. Each model is build from scratch and is yours to keep at the end of the camp!
