June 19, 2017

Dear Parent/Guardian:

Welcome to summer 2017! Congratulations on completing another school year. I am reaching out to you with one final plea regarding the school climate surveys. It appears that each school has had about 25% of households respond to the school climate surveys. I was really hoping to attain at least a 50% response rate. Therefore, I am going to leave the surveys open for one more week until Monday, June 26, 2017. Now that school has let out maybe things are just a bit calmer and parents will be able to take a few minutes to complete the school climate surveys. Complete instructions on responding to the school climate surveys are available via a link posted front and center under "News" on the district homepage, www.bernardsboe.com. The surveys can also be accessed [here](#). I would greatly appreciate your assistance in providing valuable information through your survey responses.

Thank you again for your attention and support this year, have a great summer!

Sincerely,

Nick Markarian
