May 8, 2015

Dear Parent/Guardian:

I would appreciate your help in responding to a few brief surveys. The surveys are organized by grade level and are designed to be responded to once per household per school level. So for example, if you have three students at the elementary level and two at the middle school level you would respond to the elementary school survey *once* and the middle school survey *once*. If you have one elementary, one middle and one high school student you would respond to all three surveys *once*. Please remember when responding to a given survey, you do so only once per household. The links to the surveys are provided below.

- Bernards Township School District Elementary School Parent Feedback Survey, Click [HERE](#)
- Bernards Township School District Middle School Parent Feedback Survey, Click [HERE](#)
- Bernards Township School District High School Parent Feedback Survey, Click [HERE](#)

In addition, I would like to share with you two other informational items. First, I have received a document to help parents be aware of some of the newest trends in synthetic drug overdoses that I wanted to share with you; it is accessible by clicking [HERE](#). Secondly, please be advised that NJ Transit will be doing additional work at the RR crossing on Lake Road in front of Ridge High School; fortunately they have agreed to do this when school is closed on May 22, 2015.

Thank you for your assistance with the surveys. I hope you are enjoying the spring weather and I wish you all the best as we enter the busy year-end season. Please don't hesitate to contact the schools if we can be of any assistance as the year comes to a close.

Sincerely,

Nick Markarian
