Emergency Contact Survey

A Friday Folder link went out last night asking parents/guardians to submit emergency contact information through a survey for the purpose of updating emergency contact information. Unfortunately, there were errors in the survey settings that caused access and data problems. The survey has since been shut down and all access removed. A new survey has been developed and tested to ensure that it is working properly. If you responded to the original survey we are asking that you resubmit the information using the new survey. If you never responded to the original survey, please respond to the new survey using the link below. The survey information is fully confidential. We apologize for any inconvenience this may have caused.

Please click the link below for survey:
