

Volunteers Needed!

**Any Student -- age 10 and up --
can learn to be a Mentor for a child with special needs.**

Would you like to be a buddy to a child? To watch their eyes light up when they see you coming? Would you like to help children with special needs participate in recreational programs? At our Mentor Training session you will learn how to engage children with special needs, how to help them learn new skills and make new friends. You will receive hands on training from special education teachers while interacting with many of our children. We are offering two training sessions to **new and current** mentors to learn tips and techniques for mentoring special needs children.
